

ADOBE LIGHTROOM MOBILE

Perfect the art of editing your images on your mobile device.

**Discover how Adobe Lightroom (Free Version) can help
take your photography to the next level**

**During the project you will complete the following
outcomes:**

Discover what makes a great digital photograph.

**Gain understanding of lighting levels and digital
manipulation.**

Become familiar with Adobe Lightroom workspace.

Edit a number of images within Adobe Lightroom.

Send before and after images for evaluation.

**No experience needed, just a mobile device or tablet with the free Adobe
Lightroom App installed. Learn to manipulate colour and lighting levels.
Create fantastic black and white images, where you choose what remains in
shadow and what to make pop!**

**To participate in this project you must be aged 19 or over and live in the Rotherham
Area.**

**If you would like to find out further information Contact Steve Forster (Tutor) at
sforster@rotherhamclc.org.uk**
