

Ideas for 2-3's

Communication, Language and Literacy

5 Little Ducks

Making your own little ducks with paper, drawing their faces and cutting holes to pop your fingers in.

Sing the song together and use your finger puppets.

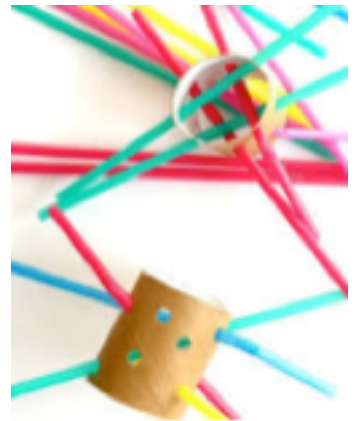

Fun to make together and learn the song.

Maths

Kitchen Rolls

If you have a few kitchen rolls cut them into different sizes, make a few holes in it and with the straws poke the straws through.

Supports their hand-eye co-ordination, talking about numbers and colours.

Physical

Let's kick a ball

Children love to be outdoors in the fresh air. If you have a garden or can go to an open space, take a ball to kick and throw.

This is using their muscles and co-ordination. Lots of fun together!!

Emotional and Mental well-being

Natural Art

A lovely way to spend time outdoors together is to explore the natural world.

Showing them the trees and how the bark feels, looking and smelling the flowers, feeling the grass on our toes.
