

Ideas for the under 2's

Communication, Language and Literacy

Can You Find It?

Children find this exciting and fun. With your laundry basket or a box, place string through the holes at different heights. Place a few familiar items inside.

They can try to find the items and take them out. It is a little tricky!!

(never leave children unattended)

Maths

Painting Big Stones

If the weather is nice, paint outdoors and use large stones to paint.

Lots of fun and when they are dry you can place them around the garden to brighten it up. You can count the stones in the garden or hide them and try to find them together.

Physical

Painting

Painting is lots of fun and good for developing their fine motor skills.

Let them explore the paints with a brush or with their fingers.

Emotional and Mental well-being

Time Together

Enjoy spending time together!!

Touch their toes, sing This little piggy.
Touch their hands and sing Round &round the garden.

Touch their head and sing Head, shoulder knees and toes.

You both will enjoy this time.
