

# Ideas for the under 2's

## Communication, Language and Literacy

Enjoy time spent together chatting. Do they have a favourite toy? What is their name? Is it soft or hard? Have they had since they were a baby? Talking together is important to develop their language.

## Maths

Can you find a few tubes or boxes with vehicles or animals. How do we build a bridge for them to sit on? How many will it hold? Will it wobble or fall down?

## Physical

It is walk to school week? Walking with baby to school with older children, or going for a walk together is lots of fun.

## Emotional and Mental well-being

Going for a walk together and looking at what you can see. The trees rustling in the wind, birds tweeting, butterflies on the flowers and flowers growing in the park or garden. Talk about what you see.
