

Ideas for 4-5's

Communication, Language and Literacy

Mother and Baby

Talk about the names of mummy and baby animals.

Extend children's language. You can google this and

Look at images on google you can find other types of animals, wild, under the sea, jungle etc.

Maths

Home Cinema

Let the children create cinema tickets, seat numbers and posters advertising the film. Let the children decide how much the tickets will cost. They will be using maths skills estimating cost, how many seats etc.

Make your own popcorn and enjoy your favourite film

What is your favourite movie

Physical

Follow the Leader

Let the children follow your lead with energetic movements such as jumping, stomping, running hopping, squatting etc.

Add music, have some fun and move.

Emotional and Mental well-being

Make your own Bird house

Lets bring the wild life to our home, Watching garden birds feeding from home-made bird feeders is a joyful way of spending time together and presents many learning opportunities.
