

Ideas for 2-3's

Communication, Language and Literacy

World book day 4th March

Let the children choose their favourite book. Dress up and act out the story with them. Why not make a video. It is always good to look back on and talk about it with them.

Maths

Playdough Muffins

Let the children put cupcake liners in muffin tins. Press the playdough into each section of the muffin tin. They can decorate the playdough cupcakes with beads/buttons and straws etc.

Lots of opportunity for counting, sorting and matching.

Try making your own playdough it is easy.

Please remember to use supervision with children under the age of three when working with small objects such as beads.

Physical

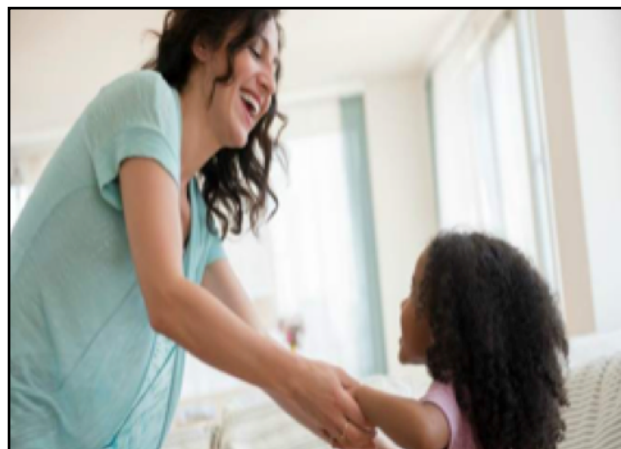

St Davids day 1st March

Pick up a bunch of daffodils and let your children paint/draw what they see. Children's creativity is that its value lies not in its results, not in the product, but in the process itself. Exercise and implement their creative imagination.

Emotional and Mental well-being

Let's dance

Put on your favourite music and get dancing, have some fun and laughter.
