

Ideas for 2-3's

Communication, Language and Literacy

Let's Talk

This simple, crafty telephone will engage kids for hours. All they need to do, is paint some plastic cups, poke a hole in each of them, and thread string

through the bottom. Whisper to each other and pass on the message. Practice those attention & listening skills. **Always ensure safety with young children**

Maths

Maths Ideas

Add some numbers to bun cases and see what you can find to put inside to match the number. Maths can be fun.

Physical

Let's Chalk

Not only is chalk as cheap as chips and readily available in supermarkets, pound shops and it's also easily washed off surfaces like your driveway or footpath with plain old water - or the next rain shower.

A fun way to practice those fine motor skills and developing skills for writing.

Emotional and Mental well-being

Get out those Buckets and Sponges

Children love playing with water and it's a great learning experience.

Set them up outdoors with a bucket, cloths and sponges and let them wash their outdoor toys.. Or you could take the indoor toys out. Wash wash wash away.
