

# Ideas for 2-3's

## Communication, Language and Literacy

### Cotton wool snowmen/ladies

Grab some cotton wool on your shopping list and create snowmen and ladies.

Talk about what they are doing, talk about the texture of the cotton wool.

And if it snows get outside and build your own. Lots more language to use with the real thing.

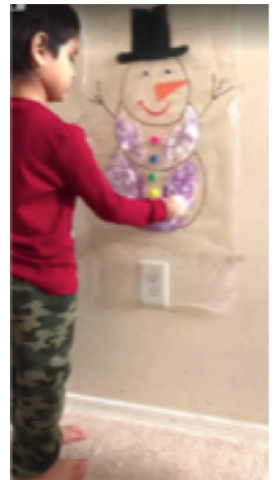

[#getchatty](#)

## Maths

### Staying with the snowman/lady theme

Put a large piece of paper/ wallpaper on the wall and let the children create a snowman. Use mathematical positional language  
Where does the hat go.. On top

Where shall we put the buttons.. in the middle  
Where will his arms go

## Physical

### Fine motor activity

All you need is an empty bottle, cotton wool and pegs. Watch your child practice those fine motor skills transferring the cotton wool into the bottle, decorate the bottle to make a super cute snowman/lady

## Emotional and Mental well-being

### Make your own bird feeders

Making a bird feeder with the kids, this is a great way to teach children about caring for wildlife. You can see and talk about what birds are doing.
