

Ideas for 2-3's

Communication, Language and Literacy

Make Spring Flowers

Make spring flowers together using lollipop sticks and card, easy peasy.
Write the letters of your child's name on the flowers.
This is a fun way to work on getting to know the letters in your child's name. Have fun building their name together.
Hide the letters and let the children find them.

Maths

Natural Collage

While you are out and about visiting the local park or woods, collect a selection of natural treasures and create a collage.
You can talk MATHS Positioning.

On top, in front, above and below
Talk about size, long, thin, small.
Lots of opportunities to talk MATHS
Don't forget to take a picture of your collage

Physical

Visit your local park/woods

Young children love to have space to run and jump outside, developing their gross motor skills. They can also develop their fine motor skills, as they pick up natural treasures like leaves and fir cones.

Emotional and Mental well-being

Hungry Little Minds Website

[Hungry Little Minds - Simple fun, activities for kids aged 0 - 5 \(campaign.gov.uk\)](http://campaign.gov.uk)

You will find short videos and simple, fun activities, that you and your children can do together.
They do offer activities by age, but no one knows your child better than you.
Lots of videos to watch. Learn new songs together.
