

Ideas for 2-3's

Communication, Language and Literacy

Hide and Seek the Teddy

Choose a teddy with your child.

Ask them if they can close their eyes and you are going to hide the teddy somewhere and they can then open their eyes and you will look for it together.

Remember to start somewhere fairly easy for them to find. Ask them where they think he might be and give them huge clues to where the teddy is.

Ask them if they would like to hide and the teddy to come and look for them.

This can be indoors or outdoors.

Maths

Can We Find?

Can you find a few boxes or large pieces of paper and write numbers on the front with your child.

Next can you ask your child to find items around the house to correspond to the number and place them inside the box.

Look at the items afterwards and count them out.

Well done!!

Physical

Can You Balance Balloon?

When you have blown up your balloon see if you can make it move by blowing it along the floor, can you balance it on your elbow, shoulder or foot?

If you don't have any balloons, try out all your ideas with a light ball.

How many ways can you find to balance?

Emotional and Mental well-being

Help with the Laundry

All children like to help with the laundry.

Set up their very own drying line to hang their small clothes out in the sunshine.

Give them a basket of pegs and show them how to hang the clothes on the line and place the pegs on top to secure the items.

They can keep checking to see if their clothes are dry.

Lots of fun!!
