## Eggbox Crafts

What you will need to make an eggbox jelly fish?

Egg boxes  
Scissors  
Glue  
Paints, felt tips or tissue paper  
Wool  
Optional - Googly eyes

How to make your jelly fish.

1. Cut the top part of your jellyfish from the egg cup section of an egg box.
2. Cut the bottom part of your jellyfish from the triangular section of your egg box.
3. Colour the two sections of your jelly fish with either tissue paper, paints or felt tips.
4. Glue the top section onto the triangular section, to create the jellyfish shape.
5. Give your jelly fish a face with felt tips and googly eyes (if you have some).
6. Attach pieces of wool to the bottom of your jelly fish to look like tentacles.
7. If you would like to hang your jellyfish up, attach a piece of wool to the top.

Please supervise children at all times with scissors and glue.
